

# Woodland School District Trust Fund 50 for 20 Payroll Deduction Form

We are actively seeking your support for twenty (20) Woodland High School graduates with scholarships in the amount of \$2,500 each. Students earning these scholarships will be pursuing further education in the vocational or higher education fields.

Our hope is Woodland School District employees would be willing to designate a monthly “automatic” deduction from your payroll. This deduction will come out after taxes, but the donation is an eligible charitable contribution when filing your federal income taxes. If you are willing to contribute monthly or a one time donation, please fill out this form and return it to Stacy Brown in the Business Office.
